MEET THE INDEPENDENT WATCH AND CLOCKMAKERS

For the second consecutive year, the AHCI - Académie Horlogers des Créateurs Indépendants - will exhibit exclusively at the "IceBergues" Gallery, in the Saint Gervais district, a key and mythical place for watchmaking since the 16th century.

Following the success of 2022, this year more than 25 independent watchmakers and clockmakers will present their latest creations.

Amateurs, collectors and journalists will have the chance to meet the creators in person and share their passion by attending the demonstrations, the discussions and the numerous presentations of new creations during the week.

Watchmaking is an art, and art has many points in common with watchmaking. It is a quest for excellence.

The event is not to be missed, as it will bring together extraordinary people.

Yours faithfully,

Committee
